

The E.S. Productions Animation Show DVD

Celebrating over 15 years of Amiga Animations

NEW! - This first official DVD release collects the animations by Eric Schwartz, remastered for improved video quality. This disc contains over an hour of material, from pencil tests and short experimental works to cartoons several minutes in length, featuring the famous Aerotoons, Flip the Frog, Amy the Squirrel, Sabrina, and more. This DVD includes professional animated menu screens and extra features, such as credits, unfinished works, and an artwork slideshow.

Format: NTSC DVD

Price: \$25.00

The E.S. Productions Media Archive CD

This CD-ROM volume contains over 500 megabytes of classic and new material from Eric Schwartz. A large selection of animated shorts are included, including some new original works, both in their original Amiga formats and converted to MPEG video for playback on any computer media player, as well as DVD players capable of MPEG file playback. This CD also has an HTML interface to show off a large number of art, pictures, and Sabrina Online comic strips.

Price: \$20.00
